

FOR LUMBAGO

Try Musterole. See How Quickly It Relieves

You just rub Musterole in briskly, and usually the pain is gone—a delicious, soothing comfort comes to take its place. Musterole is a clean, white ointment, made of oil of mustard. Use it instead of mustard plaster. Will not blister. Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, rheumatism, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbites, colds of the chest. Always dependable.

35c and 65c jars, hospital size \$3.00

WE ADVERTISE EXACTLY AS IT IS

THE PRICE THAT PAYS

Whatever you buy, you can nearly always find something that looks "just as good," at a lower price.

Sometimes the price tempts you to forget the quality; that's dangerous to economy. A good thing at a fair price pays the buyer.

Our Suits for Men, at \$25.00 to \$45.00, and our Suits for Boys, at \$8.00 to \$14.50 are worth all they cost, every one of them. If you think they're not—bring them back.

ROUSH WILL HAVE TO APPLY FOR RE-INSTATEMENT

Cincinnati, O., April 27.—Eddie Roush, who signed a contract with the Cincinnati National League team yesterday, is ineligible on account of not having signed his contract until more than 10 days after the opening of the championship season. This was the word received today by President August Herrmann, of the Reds, from the office of Commissioner Landis. In view of this ruling, Roush will have to apply for re-instatement, which club officials believed he will do tomorrow, when he is expected to join the team at St. Louis.

Will Play at Submarine Base.

The submarine base at Groton is to hear and see the vaudeville show that was given here last week by Alpha Gamma Sigma sorority of the Academy. It will be given there this (Friday) evening.

Passes and surpasses everything on the road.

A few pounds of Dixon's Gear Lubricant will limber up the whole car.

Dixon's works right into the pores of the metal and stays there building up a smooth lasting film that wards off friction and makes the car quieter and easier in operation.

ARRANGING DETAILS OF TITULAR BOUT

New York, April 28.—Arrangements for the Dempsey-Carpenter heavyweight championship battle in Jersey City July 2 are rapidly taking form.

Although the bout is more than 60 days away, Promoter Tex Rickard now is focusing his attention on the numerous details, so that his office staff may be free to handle the increasing accumulation of ticket applications, which already has reached large proportions.

In a conference late today it was decided to send the principals in the titular contest to the center of the ring at 3 p. m., daylight saving time. Under these conditions, reports of the battle will be available in the east shortly after 2 p. m., Eastern Standard time; one hour earlier in the Central time section of the United States and as early as 11 a. m., on the Pacific coast.

In Europe, where interest in Carpentier's efforts to wrest the world's pugilistic crown from the hand of Dempsey will be intense, news of the conflict will be bulletined about 7 p. m., or 8 p. m., daylight saving time in both London and Paris.

Whether the battle is decided by a knockout or continues for the full 12 rounds permitted under the New Jersey state boxing law, every movement of the pugilists will be recorded by what will be the largest assembly of newspaper and press association reporters that ever gathered for a ring battle.

Rickard stated today that, large as was the number of writers assembled at times in 1919 in Toledo in 1915, there was every indication that the Jersey City bout would surpass both the Johnson-Jeffries and the Dempsey-Willard contests in this respect.

Approximately 144 seats will be assigned to the press at the ringide and these seats will be awarded to those who will operate telegraph, telephone and cable wires. Directly back of this press section will come the arena boxes and other high priced seats for spectators, while a second section of press seats will follow for writers who will not require wire connections.

The seating of press seats at a heavyweight championship battle always one of the most difficult problems that confront a promoter, has proved particularly trying to Rickard in his most titular ring offering. In discussing the matter recently he stated that if every request were granted, the entire high-priced section would have to be eliminated. To meet this problem, it is probable that Rickard will request that a committee of newspapermen be formed to take charge of the award and distribution of such tickets.

Other changes will be made in the usual scheme which has featured Rickard's boxing promotions in the past. In place of the numerous boxes which preceded the Dempsey-Willard match at Toledo, there will be no more than three preliminary rings. While no minor bouts have as yet been arranged, it is probable that one or more will have an international aspect in keeping with the main contest.

ALL STARS TO PLAY AT MORGAN PARK

The fast going All Stars of Norwich will clash with the Mercuries at the Morgan Park diamond, Sunday afternoon. Both teams are going it strong and a hard battle is expected. These two teams have fought before when the All Stars came out the victors after a

FINANCIAL AND COMMERCIAL

MARKET FAIRLY ACTIVE.

New York, April 28.—Much of the occasional irregularity which characterized today's fairly active stock market was ascribed to a feeling of disappointment arising from the cut in the Pennsylvania Railroad dividend rate.

This episode, it was popularly believed, foreshadowed the inauguration of a similar movement on the part of other leading transportation systems whose directors and executives have long been committed to a policy of drastic retrenchment.

The most hopeful news of the day was of foreign origin. Bankers expected the reduction of the Bank of England discount as indicative of an early settlement of British labor disturbances and of further progress toward a solution of the German reparations dispute.

Foreign exchange reflected the easier money conditions abroad, sterling bills duplicating their recent maximum quotations and French, Belgian, Dutch and Swiss rates also hardening materially. German remittances were depressed, however, and the Greek rate again broke sharply.

Bulls were subjected to moderate pressure at the outset, together with promptness of oil, motor specialties, utilities and miscellaneous issues. After a lull, however, prices rallied under the lead of Standard Oil, General Asphalt and International Paper, but another irregular setback ensued before the close, when call money rose from 4 1/2 to 5 per cent. Sales amounted to \$75,000,000.

The sudden jump in call loans was attributed to withdrawals of funds made during the day for federal account and to preparations by local banks to meet heavy May interest on dividend disbursements.

Trading in bonds was more active and broader of scope than at any recent period, a firm tone prevailing in most of the important domestic issues, including Liberty bonds. The international list also held steady but was without special feature. Total sales (par value) aggregated \$12,875,000.

STOCKS
